OBJECTIVE

I'm looking for full-time work.

PERSONAL STATEMENT

I am a versatile and motivated Senior Software Engineer with a strong background in managing the full software development lifecycle. I bring a collaborative mindset, excellent people skills, and a passion for delivering high-quality solutions. With proven experience working in Agile teams across different time zones, I thrive in dynamic, fast-paced environments. As an Information Technology graduate, I am committed to continuous learning and contributing meaningfully to innovative software projects.
